a Justice of the Peace in and for said County Sam
Wm. L. Manning was made solemn oath that do @
Commis people to w@ County Road them advent
that He would justly and impartially view
said Road & report upon the same according
to law & the best of his ability.

Sworn to & Subscribed

This 7 day of September Wm. L. Manning

A. D. 1860

Sam. L. Shaw J. P.

Office of the County Clerk,

BLACKHAWK COUNTY, IOWA.

Waterloo, September 3 1860.

To *Wm L. Manning*

You are hereby notified that you have been appointed a Commissioner to view, and if required, to locate, a _____ County Road, petitioned for by *James* _____ and others. Said _____ Road petitioned for, is to commence at the Cedar River where the Sec. line between Secs. 18 & 12 crosses said River in Township 88 Range 18 West thence West along said Sec. line to the Natural Eldon Road commonly called the Black Hawk River Road

You will, therefore, appear at the Office of _____ Judge of the Peace in said County, on the _____ day of Sept. A. D. 1860, at _____ A. M., and qualify according to Law, and proceed immediately to the discharge of your duty and make your report thereon according to Law and the following Instructions, on or before the next term of this Court:

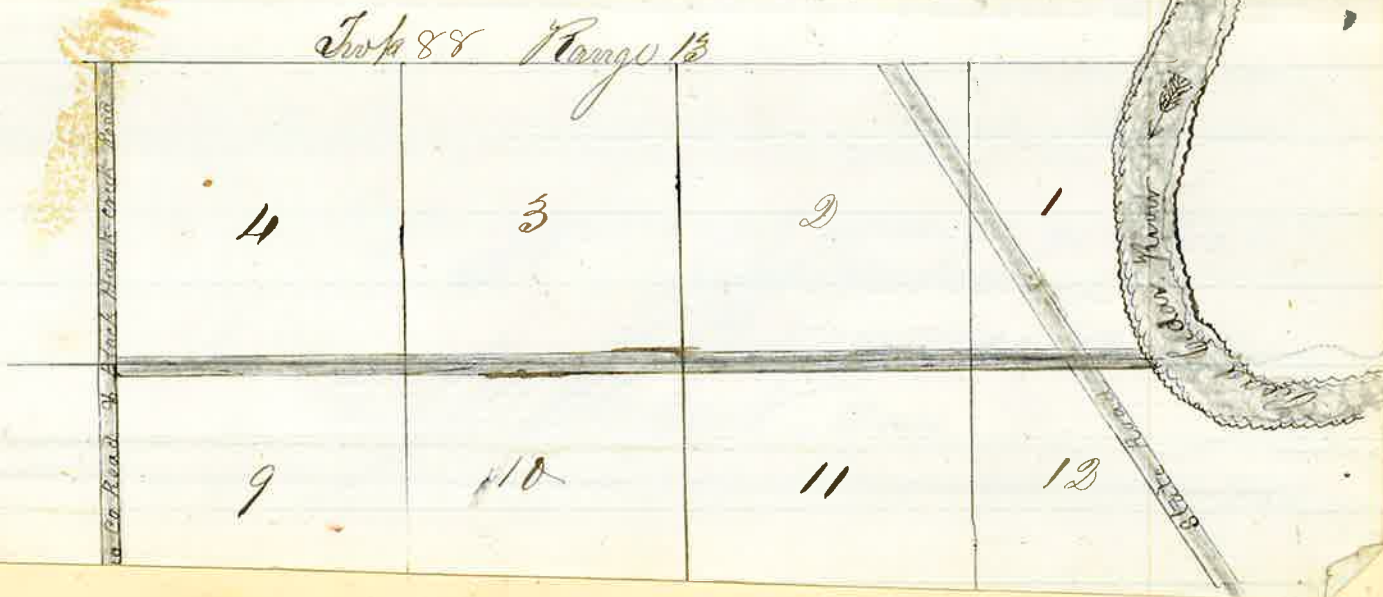

1. In your survey of this Road you will particularly describe the point of commencement, with reference to some monument record, which will generally be found to consist of corners in the public and private surveys; the exact course and distance from some one of which, you must give in your field notes.
2. You must also measure to, and in your field notes return the distance to some section or quarter section corner, from the point where you intersect each and every line of sections in the public surveys.
3. The point at which you terminate your survey must be ascertained and returned by reference to the same evidence as is herein required for the commencing point.
4. All letters and figures inscribed upon wood must be cut with a "marking iron," similar to that used in the government survey of lands.
5. Where bearing trees are taken, (and it is strongly enjoined that, if within ten chains of an angle, they should without fail be taken,) a smooth face fronting the angle of the Road, should be made as near the ground as practicable, and in this face should be cut the initial letters of the points of beginning and ending of the Road. For example— a Road from Dubuque to Cascade: D. & C. R. When bearing trees cannot be had at angles, it is recommended that the bearing and distance to a boulder, edifice, or corner of an enclosure be taken, and where this is impracticable, a large mound of earth should be raised at the point of the angle.
6. Marks in timber will consist of a smooth blaze with a notch in the center, except those trees which the line cuts each of which must have three notches, both upon the side which the line strikes and that upon which it leaves the tree.
7. After completing your survey of this Road you must carefully protract the same upon paper, with a view to the detection of all errors, either in your chaining or course.
8. Before commencing your survey you must compare and adjust your chain to a standard kept for that purpose, this office.
9. These Instructions in no way relieve you from each and every duty prescribed by the Code of Iowa, pages 91 and 92.
10. Your compass must be adjusted to run upon the true meridian; that is, the true magnetic variation only must be employed, and this must invariably be stated, and all changes, as a part of the field notes of this survey.

Given under my hand, and the Seal of said County, at my Office in Waterloo, _____ day of _____ 1860.

By *Wm L. Manning* County Clerk
Wm L. Manning Deputy.

276-7

To the How County Court of Black Hawk County Iowa
 The undersigned would respectfully represent that in compliance with a Commission issued from said Court on the 3^d day of September A.D. 1868, to me directed, I proceeded on the 7th inst to view & examine said route of Road sought to be established to wit: Commencing at the Cedar River where the section line between Sections 8 & Twelve crosses said Stream thence west along said section line to the South west corner of Section 36 in Township Eighty Eight (88) Range Thirteen (13) west to the Lane Co & Black Hawk Creek Road, beyond which point said Road is not deemed of any importance to either petitioners. The route of said Road I find to be upon good & dry ground most of the way & will be a Road which will be of much importance to the Inhabitant along its line I would therefore recommend the establishing of said Road Wm L Manning
 Length of said Road 3 miles 112 Rods -
 Orange Township September 8th A.D. 1868.

To the Honorable County Court of Black Hawk County
State of Iowa Greeting

We the undersigned would
respectfully represent to Your Honor that a County Road
is much needed upon the following route to-wit-

Commencing at the Cedar River where the section
line between sections One & Twelve crosses said River in
Township Eighty-Eight (88) Range Thirtieth (13) West, thence
west along said section line to the Waterloo & Elmore Road
commonly called the Black Hawk Creek Road in said Township
& Range.

We therefore ask that a Commissioner be
appointed to view & report upon the expediency
of establishing a Road upon said route as your petitioners
will ever pray. Said Road to be only forty feet in width.

Petitioners Names-

James Munger
Samuel Gild
John Marsh
