

Commissioner
Report
Kennedy road

with a view to the road

The above is a correct plot of a parcel petitioned for Bennett and others.

It commences 73 rods east of the South West corner of Section no. 36. 387. A 12. thence running as shown by the plot. and ends in corner of street in Laport City Black Hawk County Iowa

The route of said road is practicable and better recommended than the establishment of the same as a public high way
 Dec. 21st 1862
 Rose M. Mettles
 Commissioner

Office of the County Clerk,

WATERLOO, IOWA.

Waterloo,

1862

To Geo. W. Miller

You are hereby notified that you have been appointed a Commissioner to view, and if required, to locate, a ----- County Road, petitioned for by himself and others. ----- Road petitioned for, is

to commence at Sawyer Shaw Road east of the south west corner of Sec 11 (34) in town 87 Range 12 and running north 89 right Road to north line of south half of south west quarter of said section. It is about three miles on the west end and most favorable point to the south end of same is near St in Jefferson Co. It appears at the Office of James Justice of the Peace in Jefferson Co, Missouri, and the day of ----- at St. J. 1862, at St. J. 1862, at ----- said County, on the ----- day of ----- at St. J. 1862, at ----- and qualify according to Law, and proceed immediately to the discharge of your duty and make your report thereon according to Law and the following Instructions, on or before the next term of this Court:

1. In your survey of this Road you will particularly describe the point of commencement, with reference to some monument record, which will generally be found to consist of corners in the public and private surveys; the exact course and distance from some one of which, you must give in your field notes.
2. You must also measure to, and in your field notes return the distance to some section or quarter section corner, from the point where you intersect each and every line of sections in the public surveys.
3. The point at which you terminate your survey must be ascertained and returned by reference to the same evidence as is herein required for the commencing point.
4. All letters and figures inscribed upon wood must be cut with a "marking iron," similar to that used in the government survey of lands.
5. Where bearing trees are taken, (and it is strongly enjoined that, if within ten chains of an angle, they should without fail be taken,) a smooth face fronting the angle of the Road, should be made as near the ground as practicable, and in this face should be cut the initial letters of the points of beginning and ending of the Road. For example—a Road from Dubuque to Cascade: D. & C. R. When bearing trees cannot be had at angles, it is recommended that the bearing and distance to a boulder, edifice, or corner of an enclosure be taken, and where this is impracticable, a large mound of earth should be raised at the point of the angle.
6. Marks in timber will consist of a smooth blaze with a notch in the center, except those trees which the line cuts, each of which must have three notches, both upon the side which the line strikes and that upon which it leaves the tree.
7. After completing your survey of this Road you must carefully protract the same upon paper, with a view to the detection of all errors, either in your chaining or course.
8. Before commencing your survey you must compare and adjust your chain to a standard kept for that purpose, in this office.
9. These Instructions in no way relieve you from each and every duty prescribed by the Code of Iowa, pages 91 and 92.
10. Your compass must be adjusted to run upon the true medium; that is, the true magnetic variation only must be employed, and this must invariably be stated, and all changes, as a part of the field notes of this survey.

Given under my hand, and the Seal of said County, at my Office in Waterloo, this ----- day of ----- 1862

Wm. J. Hall

County Clerk.

By

Deputy.

Notice

There will be a petition presented to the Board of Supervisors of Blackhawk County Iowa at my September term asking that a road be laid from Cameron's land, three rods east of the South west corner of Sec 36 Township 37th north of Range 12 west and running North 80 East on to the north line of the South half of the South west quarter of said section 36 from thence on the South end of Cameron's land about on an Elishmore street east of Laforest City County of Blackhawk and State of Iowa June 13 1862.

State of Iowa)
Blackhawk County) ss

Alfred Kennedy being

clerk sworn says that on the 1st day of July 1862 he has two notices of which the foregoing is a true copy at the following places, at the Court House in Waterloo and at these public places in this County and State to-wit: in the common and open squares by town of Alfred Kennedy and described and sworn to before me this 3rd day of August 1862

Attest
J. W. Long

Justice of the Peace

Now all men by these presents that we
offered Henry and others charges to try Brown
are held and friendly bound unto Blackhawk County
in the sum of fifty dollars for the payment of which
we give our selves and our executors and administrators
jointly and severally

Whereas offered Henry and others have applied
to the Board of Supervisors of Blackhawk County, Iowa
for the establishment of a County Road across the
as follows to wit, Beginning from the south line
of section thirty six Township (87) North of Range
(12) East in a North and North easterly direction until
it intersects the South West of Corner of section three
or likewise street East in Jasper City Blackhawk
County State of Iowa then if the said petitioners
shall pay all the expenses occurring out of the section line
here said road if it shall not be established by the
said Board, the above obligation shall be their obligation
to remain in full force and effect ~~to wit~~ ^{to wit}
In testimony whereof we have hereunto set our
own hands this 27th day of August A.D. 1866
