Know All Men by these Presents, That we J P Sherman

of Black Hawk County, L M High

of Black Hawk County, and

of _____ County, and _____

holders of said Black Hawk County, are held and firmly bound unto the

State of Iowa, in the sum of fifty

Dollars, for the payment of which we bind ourselves, our executors and administrators,

jointly and severally.

Whereas, An application has been made to the Board of Supervisors of

Black Hawk County, for the establishment of a State road, as

follows: Beginning at the Locust Valley Road on the

half section line of sect 13-88-11 running North

on said line one mile and a half to intersect

a certain road known as the State road

. Now if the said J P Sherman & L M High

shall pay all expenses which may accrue in the location of said road, in case the same

shall not be established a public highway, then this bond to be void, otherwise to remain

in full force and effect.

In Witness Whereof, We have hereunto set our hands this 5th

day of June A. D. 1865.

J P Sherman

Office of the County Clerk,

BLACKBURN COUNTY, IOWA.

To *J. B. Winick*Waterloo, July 10th 1865.

You are hereby notified that you have been appointed a Commissioner to view, and if required, to locate, a _____ County Road, petitioned for by *J. P. Shearn*

and others, said _____

Road petitioned for, is

to commence at *the eastern corner of the State Road on the*
half section line of section thirteen (13) co
seventy 87 - Range 11 west - 8 running
North one mile & a half to the west end of
State Road.

John M. Winick

You will, therefore, appear at the Office of *the County Clerk* in said County, on the *21st* day of *July* A. D. 1865, at *10 o'clock* A. M., and qualify according to Law, and proceed immediately to the discharge of your duty and make your report thereon according to Law and the following Instructions, and as before the next term of this Court:

1. In your survey of this Road you will particularly describe the point of commencement, with reference to some monument record, which will generally be found to consist of corners in the public and private surveys; the exact course and distance from some one of which, you must give in your field notes.
2. You must also measure to, and in your field notes return the distance to some section or quarter section corner, from the point where you intersect each and every line of sections in the public surveys.
3. The point at which you terminate your survey must be ascertained and returned by reference to the same evidence as is herein required for the commencing point.
4. All letters and figures inscribed upon wood must be cut with a "marking iron," similar to that used in the government survey of lands.
5. Where bearing trees are taken, (and it is strongly enjoined that, if within ten chains of an angle, they should without fail be taken,) a smooth face fronting the angle of the Road, should be made as near the ground as practicable, and in this face should be cut the initial letters of the points of beginning and ending of the Road. For example - a Road from Dubuque to Cascade: D. & C. R. When bearing trees cannot be had at angles, it is recommended that the bearing and distance to a boulder, edifice, or corner of an enclosure be taken, and where this is impracticable, a large mound of earth should be raised at the point of the angle.
6. Marks in timber will consist of a smooth blaze with a notch in the center, except those trees which the line cuts, each of which must have three notches, both upon the side which the line strikes and that upon which it leaves the tree.
7. After completing your survey of this Road you must carefully protract the same upon paper, with a view to the detection of all errors, either in your chaining or course.
8. Before commencing your survey you must compare and adjust your chain to a standard kept for that purpose, in this office.
9. These Instructions in no way relieve you from each and every duty prescribed by the Code of Iowa, pages 91 and 92.
10. Your compass must be adjusted to run upon the true medium; that is, the true magnetic variation only must be employed, and this must invariably be stated, and all changes, as a part of the field notes of this survey.

Given under my hand, and the Seal of said County, at my Office in Waterloo, this

19th day of *July*

1865.

Memorance against a certain Road

Commencing at a point on the Cedar Valley Road on the half section line of sections thirteen running north to intersect the State Road.

We the undersigned should respectfully request the honorable Board of Supervisors of Blackhawk County, Iowa, Not to grant the prayer of the petitioners of the above named Road for various reasons, viz because first a good outside line the better to be impracticable, and that same will claim damages, and again because we believe that a road outside line is altogether unnecessary and ^{not} called for by the public. We should therefore pray the honorable board not to appoint a Commission to view said Road and ~~the~~ these driving land and ~~the~~ any cost and trouble ~~Spring Creek May tenth 1863~~
