to 253

Office of the County Clerk,

WATERLOO COUNTY, IOWA
 To *Samuel Barber Esq.* of Waterloo, *March 30th 1867.*

You are hereby notified that you have been appointed a Commissioner to view, and if required to locate, *County Roads* petitioned for by *Seton* and others. Said *Roads* petitioned for, *to commence at* *to be located on the line described in the Exhibit hereto attached*

You will, therefore, appear at the Office of *W. C. Hammond Esq.* in said County, on the *25th* day of *May* A. D. 1867, at *Eleven* o'clock, and qualify according to Law, and proceed immediately to the discharge of your duty and make your report thereon according to Law and the following Instructions, on or before the next term of this Court:

1. In your survey of this Road you will particularly describe the point of commencement, with reference to some monument record, which will generally be found to consist of corners in the public and private surveys; the exact course and distance from some one of which, you must give in your field notes.
2. You must also measure to, and in your field notes return the distance to some section or quarter section corner, from the point where you intersect each and every line of sections in the public surveys.
3. The point at which you terminate your survey must be ascertained and returned by reference to the same evidence as is herein required for the commencing point.
4. All letters and figures inscribed upon wood must be cut with a "marking iron," similar to that used in the government survey of lands.
5. Where bearing trees are taken, (and it is strongly enjoined that, if within ten chains of an angle, they should without fail be taken,) a smooth face fronting the angle of the Road, should be made as near the ground as practicable, and in this face should be cut the initial letters of the points of beginning and ending of the Road. For example—a Road from Dubuque to Cascade: D. & C. R. When bearing trees cannot be had at angles, it is recommended that the bearing and distance to a boulder, edifice, or corner of an enclosure be taken, and where this is impracticable, a large mound of earth should be raised at the point of the angle.
6. Marks in timber will consist of a smooth blaze with a notch in the center, except those trees which the line cuts, each of which must have three notches, both upon the side which the line strikes and that upon which it leaves the tree.
7. After completing your survey of this Road you must carefully protract the same upon paper, with a view to the detection of all errors, either in your chaining or course.
8. Before commencing your survey you must compare and adjust your ~~chain to a standard~~ kept for that purpose, in this office.
9. These Instructions in no way relieve you from each and every duty prescribed by the Code of Iowa, pages 91 and 92.
10. Your compass must be adjusted to run upon the true meridian; that is, the true magnetic variation only must be employed, and this must invariably be stated, and all changes, as a part of the field notes of this survey.

Given under my ~~hand~~ and the Seal of said County at my Office in Waterloo, this
30th day of *April* 1867.

W. C. Hammond County Clerk.
By J. H. Bates Deputy.

**The State of Iowa, } ss.
BLACKHAWK COUNTY.**

Ag. m. Culver

do solemnly swear, that I will, to the best of my ability, perform the duties of
Commissioner on the within road, according to law, and the foregoing instruction.

Subscribed and sworn to before me

BOARD OF SUPERVISORS

FINAL ORDER OF VACATION

WHEREAS, a public hearing on vacating or a road hereinafter described occurred pursuant to notice on May 28, 1996, and

WHEREAS, notice of said hearing was properly directed to and served upon all interested parties as required by the provisions of Chapter 306 of the Code of Iowa, and

WHEREAS, no written claim for damages was filed with the Black Hawk County Board of Supervisors, the agency in control of said road, and

WHEREAS, at the public hearing proponents and objectors to the vacating process were heard, as well as evidence received from the Black Hawk County Engineer's Office, and

WHEREAS, there being no further comments, the hearing was closed, and

WHEREAS, by Resolution, the road was vacated by a majority vote of the Board of Supervisors, now therefore

BE IT HEREBY RESOLVED that the Board of Supervisors of Black Hawk County, Iowa, hereby enters its final order closing and vacating the road as hereinafter described, pursuant to the provisions of Chapter 306 of the Code of Iowa as amended. The road vacated is: "A strip of land in the Northeast Quarter (NE 1/4) of Section 24, Township 90 North, Range 14 West of the Fifth Principal Meridian, Black Hawk County, Iowa; more precisely described as commencing at the Northeast Corner of said Section 24; then S 0 degrees 7'E along the East line of said Section a distance of 33 feet, to the point of beginning; thence continuing S 0 degrees 17'E along said East line a distance of 1773.20 feet, to the Northeastly right of way line of Relocated U.S. Hwy #218; thence N 15 degrees 30'W, along said Northeastly right of way line, a distance of 114.30 feet; thence N 0 degrees 17'W a distance of 1662.57 feet to the Southerly right of way line of Bennington Road; thence N 89 degrees 04"E along said Southerly right of way line a distance of 30.00 feet to the point of beginning; containing 1.178 acres, more or less" and "A strip of land in the Northwest Quarter (NW 1/4) of Section 19, Township 90 North, Range 13 West of the Fifth Principal Meridian, Black Hawk County, Iowa, more precisely described as commencing at the Northwest Corner of said Section 19; thence S 0 degrees 17'E along the West line of said Section a distance of 33 feet, to the point of beginning; thence continuing S 0 degrees 17'E along said West line a distance of 1773.20 feet, to the Northeastly right of way line of Relocated U.S. Hwy #218; thence S 15 degrees 30'E, along said Northeastly right of way line, a distance of 114.30 feet; thence N 0 degrees 17'W a distance of 1883.26 feet, to the Southerly right of way line of Bennington Road; thence N 90 degrees 0'W along said Southerly right of way line a distance of 30.00 feet to the point of beginning; containing 1.258 acres, more or less".

Signed this 28th day of May, 1996.
