

Scoresby Road.

Commencing at the South East corner of Section 33 T. 89 N. 14
Range 10 East of the 8th East corner of Sec. 3, T. 88. N. 14 Range South
the Section line to the N. E. corner of Sec. 9 in "

To the Hon Board of Supervisors of
Chickasaw County Iowa

We Undersigned respectfully petition
that a Commissioner be appointed to
view and locate a road on the
following line (viz):
Commencing at
the North West corner of section 36 Town
(4) in Township 10 North Range 10 East of the 8th East
& Range 10 Town 10 North of the 8th East
thence running South on section line
to the South West corner of section
36 then in said Township & Range

Thos. J. Hensley

Andrew Stone

John Leggett

Wm. Stone

John Brown

John F. Conroy

Geo. W. Warner

Report of Commissioners
for Scourby's Road.

Said road commences
at the North West corner
of Sec No 4 at the corner
post in Township No 88
North of Range 14 West
thence running south
on the section line till
it meets the North West
corner post of Sec 9, thence
south till it meets the North
West corner post of Sec. 18
in said Township.

The following is a plot of
the said road

Tp 88 Rang 14

Sec	Sec	Sec
4	9	16
Scourby Road		

After viewing the said
route which was done on
Nov 4th 1877 it is my
opinion that the proposed
road is a feasible one
& that it is needed
for the accommodation
of the public

Geo. W. Haines
Commissioner

Recd payment for survey \$15.00

Office of the County Clerk,

BLACKHAWK COUNTY, IOWA.

Wateloo,

126

To: *Edw. M. Warner*

You are hereby notified that you have been appointed a Commissioner to view, and if

County Board, petitioned for by

1800 acre and others. Said additional fee, is
 to commence at the North West corner of section 14
 in township 19 (S) Range 6 (E) 1st dist of Range 14
 from the west of the section. The fee remaining
 South on section line to the South West corner
 of section No. 9 in the said township

You will, therefore, appear at the Office of Clerk Quinine Court in
and County, on the 28th day of Oct at P. M. 1867, at 11 o'clock
A. M., and qualify according to Law, and proceed immediately to the discharge of your duty
and make your report thereon according to Law and the following Instructions; and as before
~~the meeting of this Court~~ the 1st Monday in Jan 1868

1. In your survey of this Road you will particularly describe the point of commencement, with reference to some monument record, which will generally be found to consist of corners in the public and private surveys; the exact course and distance from some one of which, you must give in your field notes.
2. You must also measure to, and in your field notes return the distance to some section or quarter section corner, from the point where you intersect each and every line of sections in the public surveys.
3. The point at which you terminate your survey must be ascertained and returned by reference to the same evidence as is herein required for the commencing point.
4. All letters and figures inscribed upon wood must be cut with a "marking iron," similar to that used in the government survey of lands.
5. Where bearing trees are taken, (and it is strongly enjoined that, if within ten chains of an angle, they should without fail be taken,) a smooth face fronting the angle of the Road, should be made as near the ground as practicable, and in this face should be cut the initial letters of the points of beginning and ending of the Road. For example—a Road from Dubuque to Cascade: D. & C. R. When bearing trees cannot be had at angles, it is recommended that the bearing and distance to a boulder, edifice, or corner of an enclosure be taken, and where this is impracticable, a large mound of earth should be raised at the point of the angle.
6. Marks in timber will consist of a smooth blaze with a notch in the center, except those trees which the line cuts, each of which must have three notches, both upon the side which the line strikes and that upon which it leaves the tree.
7. After completing your survey of this Road you must carefully protract the same upon paper, with a view to the detection of all errors, either in your chaining or course.
8. Before commencing your survey you must compare and adjust your chain to a standard kept for that purpose, in this office.
9. These Instructions in no way relieve you from each and every duty prescribed by the Code of Iowa, pages 91 and 92.
10. Your compass must be adjusted to run upon the true meridian; that is, the true magnetic variation only must be employed, and this must invariably be stated, and all changes, as a part of the field notes of this survey.

Given under my hand and the Seal of said County, at my Office in Waterloo, this 21st day of May 1861.

for day of

1867.

1867.
J. B. Sherburne County Clerk.
