Dr Sir

I understand all the necessary preliminaries have been gone through with in regard to the relaying of our road between Finchford Station and the old town of Finchford and as I am very much interested in having a road open between the two above places and as I understand from reliable sources that Mr Sharp (whose land the road now runs) has taken Council on the matter of Mr Gibson of Waverly who tells him to go ahead & set his posts & stretch his wire and he (Mr Sharp) says just as soon as the post is out he is going to do it now I hope there will not be any unnecessary delay in getting a Committee

Y Engineer up here to determine what
shall be done. What we want is a road
that we can have the assurance when
we get have occasion ^{to} travel that way
will not be obstructed by an obstruction
of fence in any form. I write this
for fear you might have forgot
us in our trouble being somewhat
remote from the Court House

Yours Sincerely
