Recd No 496

To G. W. Sawyer Auditor's Office, Black Hawk County, Iowa.

You are hereby notified, that you have been appointed a Commissioner to view, and, if required, to locate a County Road, petitioned for by Jesse Owen et al. and others, and described as follows, to-wit:

Commencing at the county line of Black Hawk and Benton
county over quarter 1/4 of a mile east of the west line
of Section No. 33 Twp. 87 Range 11
West 3rd P. M. and running thence North through
said Section No. 33 and across the Cedar River

and terminating at the east bank of the Cedar River.

You will therefore appear at the office of some Justice of the Peace, Notary Public, or other proper officer, and qualify according to law, and on the 31st day of Oct. A. D. 1887 you will proceed to make an examination of the route above described. If, in your judgment, the above road is needed, or one in the vicinity of the route described, answering the same purpose, you may call to your assistance the necessary aid, and, each being duly sworn, cause said line to be accurately surveyed and plainly marked out.

You will connect your starting point with the nearest section corner or quarter post. When, however, there is a corner of a forty established in a permanent manner, more convenient, you may connect with it. In crossing a section line, NOTE that fact, and state the distance from the nearest section corner or quarter post. The plat of the survey to accompany the scale, and correctly numbered as per United States survey. Also, note all natural or artificial monuments or conspicuous objects, and the junction of streams. Also, report the number of bridges required, if any, and the probable cost thereof, on the proposed highway, as required by Chapter 80, Laws Nineteenth General Assembly. A strict compliance with these requirements is necessary, in order to establish a uniformity in the practice, and to enable the Clerk to correctly transcribe them for record.

You will report your proceedings, together with a correct plat of the proposed Road to this office on or before the 31st day of Nov. A. D. 1887

Dr Sir. Enclosed please find two Drds, Cheek and Robert Hoare & wife's petition to Board asking vacation of "Spring Creek & Cant Line Road". As this Hoare is the original and only investigator, to my knowledge, who has rooted up trouble in the Road matter; and who now has reversed his engine in the service of vacating the road, I feel that nothing will now intervene to spoil the prospect. Believing that you will add a good word in the cause of justice whenever opportunity offers I rest the case for the present. We leave for Florida next week. Please file this Hoare's petition and present to Board with the other two petitions one of which I gave to Geo. Sawyer. With many good wishes for your health and a long term as Auditor I beg to assure you that I feel it my duty as well as pleasure to add my little mite whenever needed in your behalf. I am your

To the Hon. Board of Supervisors of Black Hawk Co Iowa

Whereas, we, are informed, a petition has been presented to your Hon. Body asking that a County Road be established on the west section line of sec 34-87-11 commencing on the County line and thence running North to the river; now we the undersigned, interested parties and owners of land in the Band of the river to which land this proposed road is plausible designed to ^{in accept} accommodate as given a passage to our timber, would most respectfully say that we have always been and are now afforded better facilities in reaching our timber than the said new road would give us. We believe there exists no cause for the creation of a road on the West sec. line of sec 35-87-11. thence North to the Cedar River

To Whom it May Concern and to the
Board of Supervisors of Blackhawk
County Iowa -
This is to Certify that we have no
interest in the opening the road in
Section 35 - Twp 84 - Range 11 in Big Creek Township
from the Cedar river to the Benton County -
line - being a part of Spring Creek and
County line Road #2. Established years
ago and never used, The road having no
outlet on the South side of the Cedar river -
It also being impassable and could not
be made so it could be traveled without
a great deal of Expense: we therefore
request that the road be vacated
