To H. W. Grout

You are hereby notified, that you have been appointed a Commissioner to view, and if required, to establish a ~~County~~ Road, petitioned for by Bert Bartholomew and others, and described as follows:

Commencing at the Northwest corner of Section Eighteen, Lester Township, Black Hawk County,

and terminating at the Southwest corner of the Northwest Quarter of Section 19, Lester Township, Black Hawk County.

You will therefore appear at the office of some Justice of the Peace, Notary Public, or other proper officer and qualify according to law, and on the 6th day of May A. D. 1924 you will proceed to make an examination of the route above described. You will connect your starting point with the nearest section corner or quarter post. When, however, there is a corner of a forty established in a permanent manner, more convenient, you may connect with it. In crossing a section line, NOTE that fact, and state the distance from the nearest section corner or quarter post. The plat of the survey to accompany the field notes should be on the scale of forty chains to the inch, with the section crossed by the survey laid off upon the like scale, and correctly numbered as per United States survey. Also, note all natural or artificial monuments or conspicuous objects, and the junction of streams. Also, report the number of bridges required, if any, and the probable cost thereof, on the proposed highway, as required by Chap. 80, Laws 19th General Assembly. A strict compliance with these requirements is necessary, in order to establish a uniformity in the practice, and to enable the Clerk to correctly transcribe them for record.

You will report your proceedings, together with a correct plat of the proposed road to this office on or before the 16th day of May, 1924.

The undersigned, H. W. The fees are as above stated, and are \$12.80

In my opinion the road is absolutely necessary to be opened between Sections 18 and 13 as Mr. Newsom has no way of getting out. It would be optional to the Board of Supervisors whether they open the road on the North Half ($\frac{1}{2}$) between 19 and 24. It is not absolutely necessary but would be convenient.
