

3.25' Chief - Younger mts.
N-Nota. Bowser

The diagram is a hand-drawn geological cross-section on a grid background. It features two vertical profiles, one on the left and one on the right, connected by horizontal lines at specific elevations. The profiles are marked with double hash symbols (#) at various points. The horizontal lines are labeled with elevation data in feet. The left profile has a top elevation of 26.9' and a bottom elevation of 26.5'. The right profile has a top elevation of 21.95' and a bottom elevation of 22.6'. A central horizontal line is labeled with 24.8' and 19.8'. Another horizontal line is labeled with 23.7' and 26.3'. A small triangle is drawn at the bottom center, and the letters 'S.N.' are written in the bottom right corner.

26.9 21.95

24.8 19.8

23.7 26.3

21.9 19.5

26.5 22.6
