

Sec. 31 SE Cor.
Twp. Waterloo
Sec. 31.89.13
S.E. Corner

Dug found nothing. Established corner using old chain distance; rerunning section line from North also from South, see drawing. Also used double distance on $\frac{1}{4}$ - $\frac{1}{4}$ fences and all chaining points set and lines rerun. established three points. Corner was set at a proportioned distance between the three points. Since distance between any of points was not greater than 4 ft. Old chain records taken from John Ball 1865 and Barber 1930 records. Natural evidence of fences and road indicate corner. Set C.M. 12" deep
