Found Niggerhead 2"x4"x10"

Set S.C.M. 12" deep

Farmer says, it is corner.

Checks good by $\frac{1}{4}$ from East is within 0.8' of double, $\pm$ 1.6' of Double from West. Did not look for $\frac{1}{4}$ stones, $\pm$ plus to $\frac{1}{4}$ f's could have been taken a little better, depends on man taking plus. Note this is also almost in $\frac{1}{2}$ of Road E & W, with 0.3' foot depending on where point is taken on R.O.W. fences.
