Surveys on $\frac{1}{4}$ & line Section 6-88-12

A hand-drawn survey map on grid paper. The map features a horizontal line labeled "County Road" with an arrow pointing right. Below the road is a small square labeled "House". To the right of the house is a point labeled "I.P.". Above the road, there are two points labeled "I.P." with "20'" written next to each, and "20' stakes" written between them. Further right is the name "Youngerman". A diagonal line runs from the bottom left towards the top right. Along this line, there are several measurements: "16' Elm.", "32.75", "291.6", "29.9", "616.1", "616.1", "65.8", and "46'". There are also points labeled "M.C." and "S". A vertical line segment is labeled "28.9". A curved line is labeled "section line". In the bottom left, there is a label "Cedar River" with an arrow pointing right, and below it, "Island.". In the bottom right, there is a bracketed area containing the text "Hickberry", "Thorn Apple", and "3 bunches of Horn Tree".
